The Voice of Māori in Medicine

Te ORA – Te Ohu Rata o Aotearoa

(The Māori Medical Practitioners Association) provides Māori medical leadership to the health sector.

We represent nearly 350 Māori doctors, researchers, teachers and medical students across Aotearoa.

Te ORA is a well-established Māori professional network offering a wealth of knowledge and experience. Every year we provide a range of support and development opportunities for members.

We will support you to succeed as a student. We will help you to grow your career as a medical practitioner.

By joining Te ORA, you'll also be adding your voice to the issues that matter for Māori in health.

To be effective we need **your** support. Our strength, our success is the work of all of us. So join today and ensure a better future for you, your whānau and our community.

Ehara taku toa i te toa takitahi, engari, he toa takitini.

(SUCCESS IS NOT THE WORK OF ONE BUT THE WORK OF MANY)
