# E MIHI ANA KI ĒNEI KAITAUTOKO O TE ORA

# TE MIHI Ā TE KAIHAUTŪ

As Māori Medical practitioners, we hold within us the whakapapa of rangatira who came before us and paved the way for us to now stand as Māori Medical leaders and use our voices and actions to effect positive change for Māori health.

Tā Mason Durie challenged us to imagine and create a health entity that we own, govern, and develop independently. One that embraces a holistic view of health and is rooted in the principles of 'by Māori, for Māori.'

For the next 40 years and beyond, our ultimate desire is to uphold our mana motuhake. We want to move into an era where Māori have tino rangatiratanga in health, guided by our own cultural values and expertise.

As we convene, let us challenge ourselves, question who we are as Māori doctors, who we are as Māori, and what Te ORA will make a stand for moving forward.

Nei rā te mihi māhana ki a koutou katoa,  
Nau mai ki Te Arawa e!
